GAMING CHIPS

TABLE FELTS

CERAMIC GAMING CHIPS

- 100% Made In USA
- Infinite Design Options
- Low Cost & Fast Production
- Various Security Options

ALIGNED EDGES

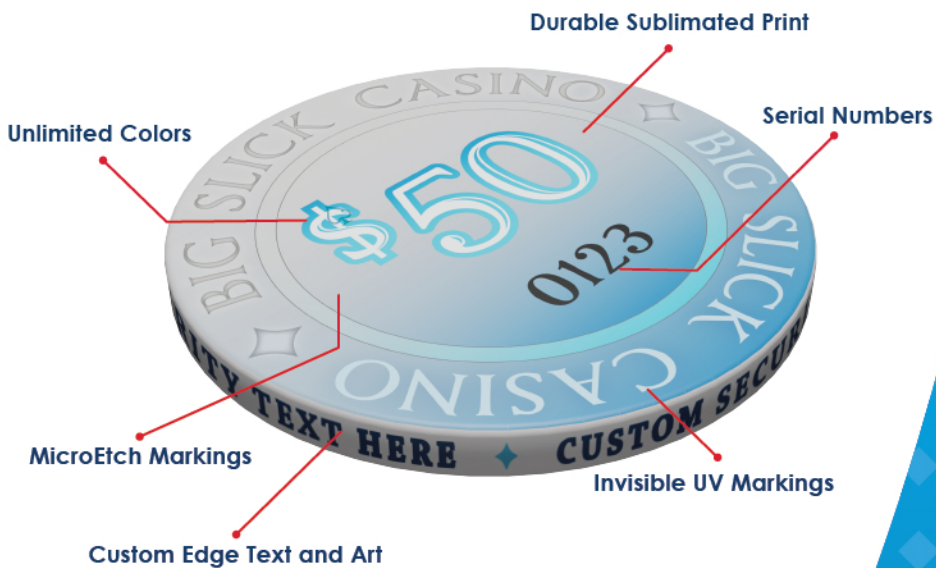

- Fully Aligned Edge Spots
- Floating Aligned Edge Spots
- Unaligned Edge Spots

UV SECURITY

Unlike competitors who can only place randomly stamped UV markings on their chips, CHIPCO™ can print our invisible ultra-violet ink as a part of the artwork for increased security on the front, back and edge of our fully customized gaming chips.

OFFICIAL POKER CHIP

SALES@CHIPCO.COM

Established in 1985, CHIPCO™ is the original manufacturer of ceramic poker chips and an industry leader in manufacturing of ceramic gaming chips of various shapes and sizes for casinos, poker rooms and the specialty and promotional industries.

Through a network of licensed partners and distributors, CHIPCO™ casino chips can be seen on tables around the world to include Borgata's Poker Room in New Jersey, World Poker Tour (WPT) and many more! CHIPCO™ has the capacity and financial strength to handle your large orders, whether it is 500 chips or several million casino chips.
