

Let Your Players and Customers SIT N CHARGE in Your Venues!

SIT N CHARGE

SitNCharge provides you with the USB CHARGERS for your bar or casino. We have modular equipment that lets you customize your bar or casino tables, so your customers can charge their phones at your location. Our charging equipment is proven in thousands of locations all over the world. Install it once and reap the rewards of happy customers staying to play or keep them at your bar.

The SitNCharge range is available across Canada from authorised distributors Eurocoin Components Inc. and the R2 Gaming group of companies, who offer installation, advice and full warranty support and service for SitNCharge products. For more information, please contact:
